

DATIM Release 1.33.j was deployed on February 28, 2023.

DATIM 1.33.j Includes data changes and MER Targets updates

Update:

- **Data Change:**
 - Data change request for Zambia: Removed VMMC data for the closed reporting period FY22 Q2 that were entered by mistake under mechanism ID 18487.
- **MER Targets updates:**
 - COP23/FY24 Target Validation Rules have been updated to reflect the most recent MER Validation Guide.
