

DATIM Release 1.28.e was deployed on September 03, 2019.

DATIM 1.28.e includes User Administration App refresh and organizational hierarchy changes

Update:

- **User Administration App refresh**

The User Administration app has been refreshed with a new look and fields. For detailed information on how to use the new User Administration, please review the [DATIM User Admin Job Aid](#).

- **Organizational hierarchy update:**

- Cameroon requested to merge 2 sites.
 - Ukraine requested to delete 3 sites and update 3 sites.
