

DATIM Release 1.29.f was deployed on February 11, 2020.

DATIM 1.29.f includes data changes

Update:

- **Data cleanup:**
 - Botswana requested the deletion of data for all FY19 results for two data elements (PMTCT_STAT and TB_STAT) tied to mechanisms 17274 and 17847. These are duplicate data.
 - Botswana requested to move data from PMTCT_STAT and TB_STAT into HTS_TST tied to mechanism 18163 for all FY19 results. These data were entered by error.
