

**DATIM Release 1.29.k** was deployed on April 07, 2020.

DATIM 1.29.k includes Data Approval App refresh and organizational hierarchy changes

**Update:**

- **Data Approval App refresh:**

- The Data Approval app has been refreshed with a new look and fields. For detailed information on how to use the new Data Approval, please review the [PEPFAR Data Approval User Guide](#)

- **Organizational hierarchy update:**

- Brazil requested to add and update 49 sites
  - The following three countries were added to the Western Hemisphere Region so that COP20 budgets can be added for them:
    - Colombia
    - Peru
    - Venezuela
- 
-
