

DATIM Release 1.31.c was deployed on January 20, 2021.

DATIM 1.31.c includes organizational hierarchy changes and a data change.

Update:

- **Organizational hierarchy update:**
 - Rwanda requested to add 6 new sites
 - South Africa requested to add 3 new sites

- **Data Change:**
 - Mozambique requested to remove PLHIV Targets data for FY2021 that were imported under an invalid disaggregation
