

DATIM Release 1.31.j was deployed on March 02, 2021.

DATIM 1.31.j includes cleaning favorites update

Update:

- **Update FY21 Q1 result cleaning favorites:**
 - The MER Results & Target Review Dashboard now contains a Central Support section at the bottom of the dashboard. OUs who report Central Support data can use the pivot tables linked here to view their data once entered into DATIM.
